

Dear parents,

At our school we are very keen to celebrate your children's successes both academically and socially. We would love to hear all about your child's achievements at home, it could be that they have learnt how to ride their bicycle, help to prepare a dinner or practised tying shoe laces. No achievement is too small to celebrate! Please fill in one of the star moments (see below) when you feel that your child deserves one!

We can't wait to see some soon.

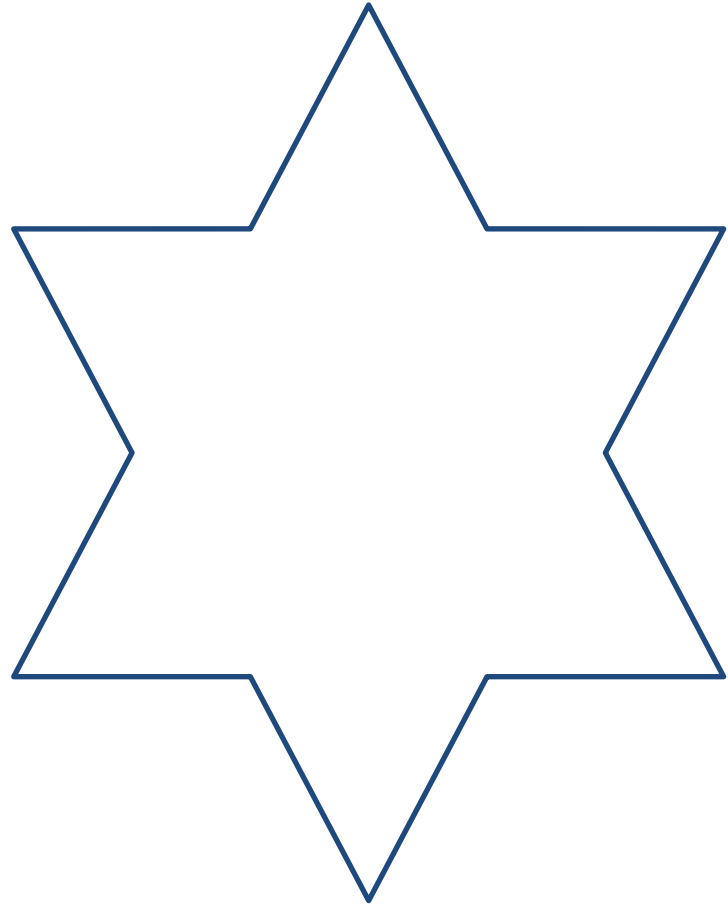

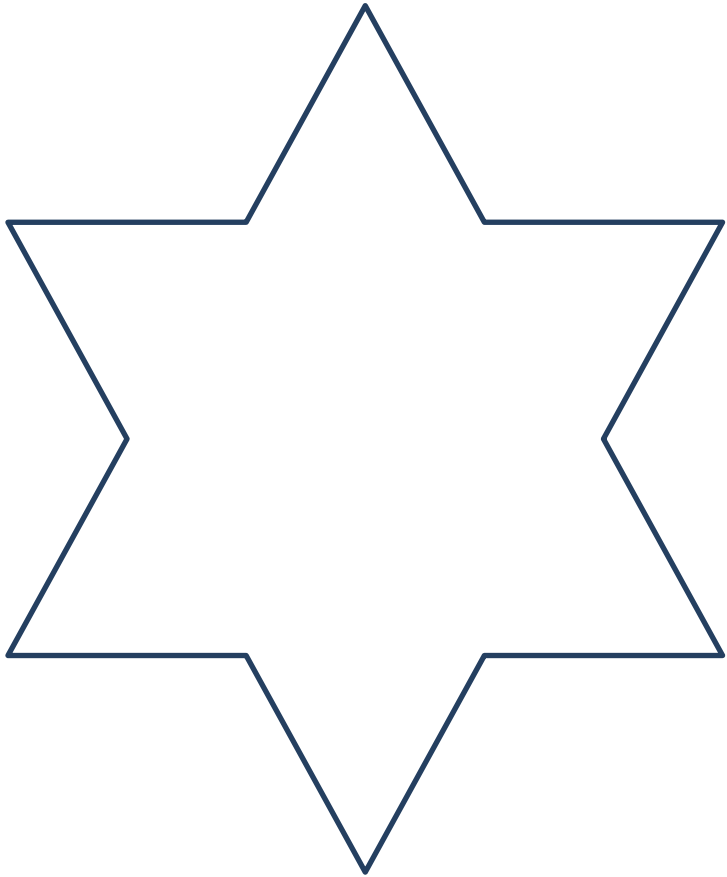

The KS1 team 😊
